SRILA PRABHUPADA SPEAKS

"This Krishna consciousness movement is for the protection of brahminical culture and cows. Then automatically the peace of the world will come, if (these) two things are done. This is Vedic literature. They pick up the essence of the things, and all other things follow."

[Lecture, December 4, 1968, Los Angeles]

"The killing of cows by human society is one of the grossest suicidal policies and those who are anxious to cultivate the human spirit must turn their attention first toward the question of cow protection."

[Light of the Bhagavat, 27]

"Therefore the world is suffering, so much sinful activities. The greatest sinful activity is cow slaughter, and they are committing. They do not know what will be the result."
Lecture, February 19, 1977, Mayapur

Join the First Ever Global Campaign to Protect Mother Surabhi

"First of all cows should be protected. Cows thus protected, will in turn protect the brahmanas. Thus, when protection of cows and brahmanas is achieved, then the whole world is protected."
(HarivamsaParva, 55.31)
