## Acknowledgements

Special thanks to Lagudi Prabhu for giving moral support and everything I asked for during my stay at New Govardhana Farming Community.

Thanks to H.H.Ramai Swami for his encouragement to go there.

Thanks to H.H.Prabhavisnu Swami for his blessings.

Thanks to Vrsa and Narahari Prabhus for giving me all opportunities to serve.

Thanks to Venu Gopal Prabhu for his association and valued advice on cows.

Thanks to Dharma das, Vegavan das, Prabhu Das and all the Prabhus too numerous to mention but without whose mercy this fallen soul is nothing.

Thanks to all of my Godbrothers who sacrificed their life for others and granted me the stick of their support. I long for their association. Although I have not mentioned all, I can never forget any of them.

Thanks to my Godsisters and mothers, to whom I owe no less a debt.

By the combined mercy of all of the above Prabhus I may be saved from descending into hell forever for my atrocities to the cows and bulls at New Govardhana. Please forgive this fallen soul. I tried to serve them but could not.

This editing work has extended over a period of years: time heals, moods change- philosophy does not. No offence intended in any way. Let us forge ahead.

Thanks to all the devotees who made the publishing of the Conversations of Śrīla Prabhupada a reality, without which this impoverished soul would have been lost many times over.

“...kings or others who have determined faith in the mercy of brāhmaṇas, cows and the Supreme Personality of Godhead Kṛṣṇa, and who always worship these three, are always strong in their position ...”

(Śrīmad-Bhāgavatam 6.7.24 translation: Lord Brahma to the defeated demigods).

**Yogeśvara:** Śrīla Prabhupāda, the way you've been describing our solutions to the problems of the world, they seem to be on two levels. One is the extended solution, that is to say, the ultimate solution of Kṛṣṇa conscious.

**Prabhupāda:** No, there is no question of extended. You keep yourself in a limited solution. And then, when it is appreciated it will be automatically extended. You don't touch the extended. You become ideal civilized man. Others will follow.

**Yogeśvara:** Well, for example, ultimately, we want to live locally. These cities are not necessary.

**Prabhupāda:** No, you make the best use of a bad bargain. We shall depend more... Just like in New Vṛndāvana. They are coming to the city for preaching. So not absolutely we can abstain immediately because we have been dependent so long, many, many lives. You cannot. **But the ideal should be introduced gradually. And make it perfect more and more and more and more.** But there is possibility. Possibility if you live locally and make your arrangement, you get your foods... The real necessity is, bodily necessity is, eating, sleeping, mating and defending. This is necessity. So if you can eat locally, you can sleep locally, you can have your sex life also locally and you can defend locally, then what is the wrong? These are the necessities. We are not stopping this. We are not stopping, "No more sex life." That is nonsense, another nonsense. You must have. Marry. That's all. So you can marry locally and live. Where is the difficulty? Defend. If somebody comes to attack, there must be men to defend. And eating and sleeping. Where is your difficulty? Manage locally, as far as possible. After all, these are the necessities of body. So it can be solved locally. Is it impossible? To solve the bodily necessities? What do you think? Is it impossible?

**Satsvarūpa:** No, it's very simple.

**Prabhupāda:** Then do it. Do it. Set example perfectly.

Yogeśvara: Well, at the farm there is not as much of a new *bhakta* program as in Paris. So the new men are encouraged to stay in Paris to get fixed up first.

Prabhupāda: So new... When they are trained up, they can come, live, especially *grhasthas*. My point is whether the farm is attractive. Not very much.

Yogeśvara: The potential is wonderful.

Prabhupāda: And therefore I'm asking. Potential is wonderful, *so why they are not attracted to live in the farm and be self-independent and chant Hare Kṛṣṇa?* That is our farm project. Our farm project is they should be satisfied with simple living. That is nice living. If you get milk, if you get fruit, if you get grain and open air, it is very healthy life. Why they should not be attracted?

Yogeśvara: It is still the beginning, and because it's the beginning, it is a little difficult sometimes.

Prabhupāda: That may be. But this should be our aim. We should not be attracted by the modern city life. Simplified life. Save time and utilize for advancing in Kṛṣṇa consciousness. That is perfect life. Just like Vṛndāvana. Vṛndāvana life means agriculturist, cowherd boys, uneducated girls, cows and calves, and tree, fruits. This is Vṛndāvana. The center is Kṛṣṇa.

Yogeśvara: Simple living.

Prabhupāda: But they are the topmost devotees. These (chuckling) uneducated, without any town life, cow-men, they are Kṛṣṇa's best friend. Unsophisticated, no education, but love intense—that is perfect. That attracted Kṛṣṇa more. *Vṛndāvanam parityajya na padam ekaṁ na kartavya...* Kṛṣṇa is so much attached to Vṛndāvana that He goes nowhere... What is that? They are not educated girls, up-to-date fashion, (indistinct) or nothing. Crude. As soon as there was blowing of the flute, immediately they began to run towards Kṛṣṇa. Somebody is taking care of children, somebody is engaged in boiling milk, and somebody was even lying down with her husband. Still, immediately... Very crude, unsophisticated, but intense love for Kṛṣṇa—that is Vṛndāvana. We want to introduce this farm project means intense love for Kṛṣṇa. And other things—very simple: little milk, little food grain, little vegetable, that's all. And that is very nice. If you get fresh vegetable, fresh milk, and food grain, what do you want more? And from milk you can prepare so many nice preparations, unlimited number, all very palatable, sweet. This civilization we want to introduce, not so-called rascal civilization and become implicated in this cycle of birth and death. This is not civilization. This is killing civilization. Human being got the opportunity to get out of these clutches of birth and death. They do not understand. They're so rascal, they do not understand how they are implicated in this cycle of birth and death, nor they do take it seriously, that this is the problem, *janma-mṛtyu-jarā-vyādhī-duḥkha-doṣānudarśanam*. They are so blind rascals, they do not see that this is real suffering. They do not know it. Simply theorizing, making plan, and they do not know what is the suffering. Such a rascal civilization. So we have to introduce real civilization. Therefore we are struggling so hard. So make in such a way. That's a very nice place, center of Europe and very nice place. What is the condition of rainfall?

Yogeśvara: Last summer was dry, but it was not so much dangerous for us. And now it is steady.

Prabhupāda: So there must be rainfall. And if we become Kṛṣṇa conscious, chant Hare Kṛṣṇa, there will be rainfall.

Yogeśvara: That will be true everywhere we go.

Prabhupāda: There'll be rainfall. And then even barren land will be fertile. They do not know this. They are importing water. These rascals, they continue sinful life and import water. There are oceans and seas. Why (chuckling) you scientist cannot bring the water, make cloud and pour water? Where is that science? What do they say about it?

Room Conversation (2), October the 8th, 1977 in Vṛndāvana, page 1425.

Prabhupāda: No luxuries. Live very simple life and you save time for chanting Hare Kṛṣṇa.

Haṁsadūta: Yes, Prabhupāda.

Prabhupāda: That is my desire.

Don't waste time for bodily comforts. You have got this body. You have to eat something. You have to cover yourself. So produce your own food and produce your own cloth. Don't waste time for luxury, and chant Hare Kṛṣṇa. This is success of life. In this way organize as far as possible, either in Ceylon or in Czechoslovakia, wherever... Save time. Chant Hare Kṛṣṇa. Don't be allured by the machine civilization.

Haṁsadūta: Yes, Prabhupāda.

Prabhupāda: This is soul-killing civilization, this kind way of life, especially European countries. Anywhere you can inhabit it. It is not very difficult. A cottage; you can produce your own food anywhere. Am I right?

Haṁsadūta: Yes, Prabhupāda. We will do it.

Prabhupāda: And money, spend for Kṛṣṇa--for Kṛṣṇa's palace, for Kṛṣṇa's temple, for Kṛṣṇa's worship, gorgeous, as gorgeously as... Not for false... This is the human civilization.

And to organize this, varṇāśrama will help you to divide the society--brāhmaṇa, kṣatriya, vaiśya--as there is division in the body. That will help. Don't waste human form of body for sense gratification.

I wanted to introduce this.

Now I have given you ideas. You can do it. You are all intelligent. For Caitanya Mahāprabhu's para-upakāra... So you do good to others. Not exploit others. Any human being who has been bestowed by this body has the capacity to chant Hare Kṛṣṇa. Give them chance and make situation favorable.

*Is that clear?*

Hamsaduta: Yes, it's clear, Prabhupāda. You have made everything very clear.  
October 8, 1977, Vṛndāvana.

purva-apara--former and latter; vidhi--regulative principles; madhye--among;  
para--the conclusion at the end; balavan--most powerful.

"... Although there are many methods prescribed... the ultimate conclusion should be considered the most powerful. "

Caitanya-caritāmṛta Madhya Līlā 18.197 Sri Caitanya Mahāprabhu.

Śrīla Prabhupāda was most enlivened to hear the report of New Govardhana farm. His Divine Grace, in the last month or so, has been stressing the importance of these farm projects, and said:

"This is the next aspect of Kṛṣṇa consciousness which I wish to push forward. If I am able to travel again then I shall visit the farms and make them perfect. On these farms we can demonstrate the full varṇāśrama system. *If these farms become successful, then the whole world will be enveloped by Kṛṣṇa consciousness* (emphasis added).

"From your letter I can understand how nice this farm is. I am very happy to see fresh vegetables, fresh fruits, grains, the devotees taking sumptuous prasadam and chanting Hare Kṛṣṇa. This is the actual meaning of human life. It is a very good farm, from your letter I can understand.

"Whatever you build, get the building materials locally. If you can manufacture tiles locally, then your house problem is solved. Build up a bamboo frame and on it place tiles. In any event, get everything locally. I wish to make a farm tour, and then I shall surely visit your farm."

I suggested to Śrīla Prabhupāda that he was the farm ācārya, but Śrīla Prabhupāda said:

"Kṛṣṇa is the Farm Ācārya. Baladeva is holding a plough, and Kṛṣṇa is holding the calf. Kṛṣṇa advised Nanda Mahārāja not to perform Indra-pūjā, but to worship the land, Govardhana, because it was supplying all foodstuffs for the residents of Vṛndāvana, and the cows as well."

[ Editor's Note: It follows that the corollary is also true. When all the residents (beginning with Kṛṣṇa) of a particular tract of land ("village") are supplied with and are happily subsisting on whatever foodstuffs are produced locally with the help of happy bulls and cows, and are chanting Hare Kṛṣṇa, that land becomes worshipable, it becomes Govardhana, Vṛndāvana. That is worship of the land.]

So Śrīla Prabhupāda wants you to develop this farm very nicely, as it will be the future program to present to the world as the ideal of Kṛṣṇa consciousness. In the cities we are interested for preaching, but we cannot present the ideal varṇāśrama system. This is only possible at the farms, so they're very important. Therefore varṇāśrama school required. First of all varṇa. And āśrama, when the varṇa is perfectly in order, then āśrama. Preliminary help is needed. Our main aim is how to give them Kṛṣṇa consciousness. But if they are already disturbed in every respect, then how they'll take it? Therefore we are taking these subjects, to help him to come to the Kṛṣṇa consciousness. And <u>this is the method--varṇāśrama</u> . For management or ideal society, we are introducing this. We, so far we are concerned, Kṛṣṇa conscious men, we are above varṇāśrama. You keep yourself in a limited solution. And then, when it is appreciated it will be automatically extended. You don't touch the extended. <i>You become ideal civilized man</i> . Others will follow. But the ideal should be introduced gradually...And make it perfect more and more and more and more...Is it impossible? Then do it. Do it. Set example perfectly. 374991		146	223

This is our verdict. Any sane man will admit it. Cow is giving milk--mother. And bull is producing food--he is father. And they are being killed? Is that human society? How they can be happy? Our first religion is to produce food grain to feed everyone sufficiently. <i>Vaiśyas</i> - they should produce sufficient food and give protection to the cows for sufficient milk. Kṛṣṇa consciousness cities- temples, otherwise stopped. Unfortunately these things cover more time for maintenance, and they forget Kṛṣṇa consciousness. Let them go to the farm. Land: millions acres: we shall utilize gradually. 478374	770121rc.bhu	311	1139
We do not depend on public opinion- if favourable for spreading Kṛṣṇa consciousness: good. Simply we must be sincere and strict, it will grow. 478418 Psychological, then actual.		313	1140
We have got clear vision. We are not putting theory. We are always presenting fact, and that is materializing. Just like we started this farm. It is materializing gradually. It is not yet fully organized; still, there is hope that it will give peace to the people. There is sufficient hope. 478427		314	1140

It is the psychology of woman that before puberty, if she has got a boy, she loves forever. She'll never be unchaste. So these marriage things are done very psychologically, scientifically, so that they may become happy, and then, in peaceful mind, combine together, good cooperation, they make progress, spiritual. This is the plan, varṇāśrama-dharma. Very scientific. And Kṛṣṇa says, "I am that." 500852 500844	770628r2.vrn	87	1376

Two sides we are trying, to define the natural division of human society. Both ways. I want to revive brāhmaṇa- ism, kṣatriya- ism. "In this age, can't we all be combined in a single person rather than dividing them into four?" No. Love of Kṛṣṇa not so easy: we have to reach that point after many processes. Administration must be trained by brāhmaṇas, the śāstra, sādhu-śāstra-guru. Division is there, but no training, therefore chaos. Therefore, first of all duty is there must be an intelligent class of men directing. Then the other direction will follow. Unite the world with Kṛṣṇa -to become really happy. 518206 Ekalavya: sūdras misuse money. 518424	N98: 711125r2.del		1500
